**Re: Historic Landfill H0167-01 Barnageeragh Cove. Draft Certificate of Authorisation.
Request for Extension of Time for representation**

Dear Ms O Connor

I refer to the above-mentioned Draft Certificate of Authorisation (CoA) and respectfully request an extension of time for a representation on the draft decision. This is to allow for additional public consultation with local residents and their representatives before a decision is announced.

We have reservations about the conditions attached to the draft decision which differ substantially from our mitigation proposals for the site and are concerned particularly with their community impact. The conditions proposed in the draft decision will impact on the residential open space proposals in the otherwise completed development in terms of imposition, disturbance and delay in promised recreational facilities and FCC will need to engage with residents and public representatives in advance of the final decision.

We are preparing a technical response for submission next week but request additional time for the above reasons.

Yours sincerely

David Storey
