RE: Application for a Review of an Industrial Emissions Licence – Ormonde Organics Limited, Portlaw, Notice under Section 87(1)(a) of the Act of 1992

Dear Sir / Madam,

Ormonde Organics Limited is applying to the Environmental Protection Agency (Agency) for a review of the Industrial Emissions Licence for its Composting and Anaerobic Digestion Installation in Killowen, Portlaw, County Waterford. It is proposed to increase the amount of waste accepted annually from 40,000 tonnes to 80,000 tonnes.

The class and nature of the industrial emissions directive activity in accordance with the First Schedule to the Act of 1992, as amended, remain the same:

11.4 (b) Recovery, or a mix of recovery and disposal, of non-hazardous waste with a capacity exceeding 75 tonnes per day involving one or more of the following activities, (other than activities to which the Urban Waste Water Treatment Regulations 2001 (S.I. No. 254 of 2001) apply):

(i) biological treatment; when the only waste treatment activity carried out is anaerobic digestion, the capacity threshold for this activity shall be 100 tonnes per day.

An Environmental Impact Assessment Report (EIAR) will be submitted to the Agency with the application.

Yours sincerely,

Jim O' Callaghan
