Ref: HealthBeacon Response to EPA Letter - dated 2/7/2021
Article 14(2)(b)(ii) of the Waste Management (Licensing) Regulations 2004 as amended, in respect of a licence application from HealthBeacon Limited for a facility located at HealthBeacon Limited, Unit 18, Naas Road Business Park, Muirfield Drive, Naas Road, Dublin 12, D12 PF63

As requested, please find additional information on the compliance requirements below and in the accompanying documentation.

ARTICLE 12 COMPLIANCE REQUIREMENTS – HEALTHBEACON RESPONSES

1. *Confirm if the proposed activities will take place on all floors of the building or if they will be confined to one floor.*

We confirm that activities will take place on the ground floor only.

2. *In the event that the activities will be confined to one floor, provide an updated facility boundary drawing demonstrating both the horizontal and vertical boundaries at the facility. The boundaries to which the licence application relates must be clearly marked in red.*

Drawings detailing the boundaries are attached (516-02 proposed plans and elevs). The boundary lines are clearly highlighted in red continuous line in vertical and horizontal view.

3. *Provide a copy of the planning decision for planning permission reference: 2826-20.*

Notification of Grant of Permission is attached (Planning_grant00902299)

4. *Describe the proposed arrangements for the prevention, minimisation and recovery of waste arising from the activities.*

HealthBeacon will strive to reduce waste at the facility and maximise recovery and recycling of materials in line with implementation of the company's Environmental Management System.

The following table details how waste from the facility will be processed:

5. *Confirm the total number of staff to be employed at the facility (current number plus an estimate of any future additional staff).*

Current numbers at Unit 18

Currently unit 18 has 4 Production staff and 3 Customer Care Team members. It is anticipated that when the Green labs are operational and at full capacity that an additional 2/3 staff will be employed. Therefore, within the facility there would be approximately 10 staff.

In addition to the above, please also provide an updated non-technical summary (Application Form, and EIS where applicable) to reflect the information provided in your reply, insofar as that information impinges on the non-technical summary.

The non-technical summary has been updated to reflect the above amendments and is attached "Attachment-1-1-1 Non-technical Summary-06-Jul-21"

Please let us know if further clarity on any of these items are required.

Sincerely
