Date of AA Screening Determination:	02/07/2021

AA Screening Determination:

That the proposed activities are not directly connected with or necessary to the management of any European site and that it can be excluded, on the basis of objective information, that the proposed activities, individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the proposed activities was not required.

This decision was made based on the following reasons:

- There will be no noise, dust, water or air emissions of environmental significance from the facility.
- All activities at the facility will be carried out indoors.
- There will be no process discharge emissions to sewer.
