Subject: RE: H0319-01 Claremorris – Representation Deadline 30/07/21

Hello Eve,
A number of the people, including myself, who are involved in this application were on leave during July so we did not manage to coordinate a response to the Agency by the deadline set out. Would it be possible to get an extension until 13/8/2021 to formulate a response to the Draft CoA? We have been reviewing what was issued and checking the requirements in relation to the required planning consent for the remediation works, so the main elements of the submission will be around the timelines set out in the draft CoA. Apologies for any inconvenience caused.
Regards
Killian
