Dear Mr Farrell,

In relation to your correspondence received by the Agency on 3 August 2021, please note that the Agency cannot facilitate your request for an extension of time for a representation on the draft Certificate of Authorisation for the above referenced historic landfill site. As per Regulation 7(5), of the Waste Management (Certificate of Historic Unlicensed Waste Disposal and Recovery Activity) Regulations 2008, only representations received by the Agency within a period of 30 days from the issuing of the draft Certificate of Authorisation shall be considered. It is therefore not possible to consider any representation received after this date.

Hello Eve,

A number of the people, including myself, who are involved in this application were on leave during July so we did not manage to coordinate a response to the Agency by the deadline set out. Would it be possible to get an extension until 13/8/2021 to formulate a response to the Draft CoA? We have been reviewing what was issued and checking the requirements in relation to the required planning consent for the remediation works, so the main elements of the submission will be around the timelines set out in the draft CoA. Apologies for any inconvenience caused.

Regards  
Killian
