Re: Clondrisse Pig Farm ~ Licence Application Reg. No. P0975-02

Dear Linda

I refer to your recent correspondence of 19th August in relation to the above mentioned licence applicant, and in particular the request of the Agency to reply by 31st August

The response to the original Agency request, requires specialist reports and is currently being prepared and will be submitted to the Agency without delay. Given the current pandemic, restricted working practices being employed, and discussions with/advice from the Agency it has not been possible to complete a detailed response in this timeframe. The applicant is committed to progressing the application and does not want the Agency to consider the application as having been abandoned, and it is not being considered as abandoned by the applicant. The applicant appreciates that there has been no substantive response to the request for further information however this is being actively worked on and prepared for submission.

As I am on holidays next week I will not be in a position to provide any additional response prior to the 31st August,

Should you require any further information please do not hesitate to contact me.

Yours sincerely,

Paraic Fay
