30/8/2021

RE: Letter dated 3rd of June, Notification in accordance with Section 83(2A)(e) of the EPA Act 1992 as amended, in respect of a licence review application from Harvest Lodge Pigs Limited for an installation located at Harvest Lodge Pigs Limited, Gortnamuc, Kilcormac, County Offaly, R42V079

Dear Marie

Following on from my telecom conversation on the 24/8/2021 with Niamh O' Donoghue in relation to our client Harvest Lodge Pigs Limited, Gortnamuc, Kilcormac, Co Offaly, Licence Review application (P0412-02) that the agency received on the 18th of September 2020. We herein wish to inform you of the following.

Upon receipt of the letter dated the 3rd of June we immediately reached out to Offaly County Council with regards point 1 to 4 in the above referenced letter to which due to COVID 19 and Members of the planning office working remotely we only received a response with them last week. They have informed us that the council do not have the resources nor would they prioritise this request and advised that NRGE Ltd compile a planning summary and submit to council to which council will then review and provide a letter stating if they agree with our assessment. This will require getting access to archives within Offaly County Council to prepare a planning summary to send to the planning department which once sent is out of our control in terms of obtaining a letter from the planning office.

Therefore, we request an extension to respond to points 1-4 of above reference letter but herein respond to point 5 as instructed by Niamh O' Donoghue below.

5. Having regard to the site plan received as part of the application, it is noted that some of the labelling is illegible/missing, and there is unidentified infrastructure located within the site boundary. Provide an updated site layout map to include:
- a. the full site boundary outlined in red;
 - b. all infrastructure located within the site boundary clearly identifiable with legible labels; and

- c. labelling of animal houses onsite, clearly identifying the different animal houses (e.g. animal house no. 1, weaner house no. 1, etc.).

Please refer to 3.2a Site Plan Revision 1 which deals with point 5 A-C. All structures are numbered with a legend on the right hand side clearly providing structure name.

Kind Regards,

David Wynne
