water? (If yes, are there discharges and what is the nature of the discharge?) 8. Are there any signs of impact on the environment? (if yes, take No evidence No evidence				
environment? (if yes, take ✓ None noted.				
Vegetation die off, bare ground ✓ None noted				
Leachate seepages ✓ None noted				
Odours Vone Noted				
Litter ✓ None				
Gas bubbling through water ✓ None noted				
Signs of settlement ✓ No				
Subsidence, water logged areas ✓ No evidence				

Walkover Survey Checklist

Historic Kerry Landfills - Lenamore

Walkover Survey Checklist			
Information	Checked	Comment (include distances from Site Boundary)	
Drainage or hydraulic issues	✓	None noted	
Downstream water quality appears poorer than upstream water quality	✓	No	
9. Are there any indications of remedial measures? (Provide details)	√	No	
Capping	✓	No waste evident	
Landfill gas collection	✓	No	
Leachate collection	✓	No	
10. Describe fences and security features (if any)	✓	No fencing surrounding site	
Any other relevant information?		يق.
