The conclusion of the examination is as follows:

	Tick one
It is considered that the WWDA <b>satisfies</b> the environmental requirements of the WWDA 2007 regulations as amended.	
It is considered that the WWDA <b>does not satisfy</b> the environmental requirements of the WWDA 2007 regulations as amended.	X

The reasons for this conclusion and recommendation are summarised as follows:

1. The licence was granted over 3 years ago.
2. There has been a material change in the content or extent of the discharge to which the licence relates, as a result of additional storm water overflows since the grant of the licence.
3. Planning permission has been granted for development works associated with the licence.
4. The agglomeration is included in Irish Water's investment plan.
5. Non-compliance with:
  - Upgrade of the waste water treatment plant and ancillary works, as set out in Schedule C: Specified Improvement Programme, by 22/12/2015;
  - Upgrade of the storm water tank at the waste water treatment plant, as set out in Schedule C: Specified Improvement Programme, by 22/12/2015;
  - Emission limit values in Schedule A: Discharges and Discharge Monitoring.
