Notification of Grant of Permission  
PLANNING & DEVELOPMENT ACTS 2000, AS AMENDED

Final Grant Order No.: PF/0545/21	Date of Final Grant : 15-Mar-2021
Decision Order No. : PF/0285/21	Date of Decision: 10-Feb-2021
Register Reference: FW20A/0037	Registration Date : 19-Jan-2021

Applicant: Starrus Eco Holdings Ltd

Development: The development will consist of installation of roof mounted solar panels over 2 no. existing transfer/recycling waste buildings. The proposed development relates to an activity covered by an existing Waste Licence No. WO26 1-02 issued by the Environmental Protection Agency.

Add Info received 19th January 2021.

Area: Blanchardstown Mulhuddart

Location: Panda Materials Recovery Facility, Cappagh Road, Cappoge Td., Finglas, Dublin 11

Submitted Floor Area: sq.m.

Time extension(s) up to and including 6 April, 2021

Additional Information Requested / Received 30-Jun-2020 / 19-Jan-2021

Permission has been granted for the development described above, subject to the (4) condition(s) on the attached pages.

Signed on behalf of the Fingal County Council

D. Kavanagh  
for Senior Executive Officer

15-Mar-2021

For inspection purposes only.  
Consent of copyright owner required for any other use.

Conditions and Reasons

1. The development shall be carried out in its entirety in accordance with the plans, particulars and specifications lodged with the application and Additional Information received on the 19th January 2021 save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.

2. The developer shall comply with any future requirements of the Planning Authority in relation to glint and glare issues which may arise for road users and airport aircraft and which only become apparent when the installation is commissioned.

REASON: In the interest of avoiding a traffic hazard and the proper planning and development of the area.

3. The developer shall comply in full with the following:
  - a. All necessary measures shall be taken by the applicant/developer to prevent the spillage or deposit of any materials including clay, rubble, or other debris or adjoining roads during the course of development. In the event of any such spillage or deposit, immediate steps shall be taken to remove the material from the road surface at the applicant/developer's own expense.
  - b. The applicant/developer shall be responsible for the full cost of repair in respect of any damage caused to the adjoining public road, arising from the construction work and shall either make good any damage to the satisfaction of the Planning Authority or pay the Planning Authority the cost of making good such damage upon issue of such a requirement by the Planning Authority.

REASON: To protect the amenities of the area.

4. The following requirements shall be complied with in full:
  - a. The hours of operation on all construction sites shall be restricted to between 0800 hours to 1900 hours Monday to Friday, and between 0800 hours to 1400 hours on Saturdays.
  - b. No activities shall take place on site on Sundays or Bank Holidays.
  - c. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from Fingal County Council. Such approval may be given subject to conditions pertaining to the particular circumstances being set by Fingal County Council.

REASON: In the interests of residential amenity.

Note:

1. The developer is advised that under the provisions of Section 34(13) of the

Planning and Development Act 2000 a person shall not be entitled solely by reason of a permission to carry out any development.

**NOTE:**

All buildings must now be designed and constructed in accordance with the Building Regulations. The Building Control (Amendment) Regulations, 2009 came into effect on 1st October 2009.

With the exception of houses and certain agricultural buildings, a Fire Safety Certificate/Revised FSC (please refer to Regs) is required for all buildings (including apartments and flats), extensions and alterations and changes of use which are covered by the Building Regulations.

A Commencement Notice (Building Control Regulations 1997 to 2009) must be submitted to the Building Control Authority (not less than 14 days and not more than 28 days before development commences) in respect of all buildings other than

- Buildings which require a **Fire Safety Certificate** under the Regulations and where a person intends to commence work on the construction of a building before grant of the relevant Fire Safety Certificate. (See 7 Day Notice below)
- Exempted development for the purposes of the Planning and Development Act 2000 and the Regulations made thereunder.

**Disability Access Certificates/Revised Disability Access Certificates:**-from the 1st of January 2010, a certificate of compliance with respect to Part M of the Second Schedule of the Building Regulations (Disability Access Certificate) shall be required in respect of all works or a building to which Part III (Fire Safety Certificates) refers.

A **7 Day Notice** is required where a person intends to commence work on the construction of a building before grant of the relevant Fire Safety Certificate. The Notice must be submitted not less than 7 days in advance of commencement of work and must be in accordance with the requirements of Article 20A(2) of the Regulations.

A number of the conditions attached to the planning permission may need compliance submissions to be lodged and agreed prior to commencement of development. Please submit 5 copies of all documentation in relation to compliance submissions. Failure to comply with a condition of the planning permission is an offence under Section 151 of the **PLANNING & DEVELOPMENT ACTS 2000, AS AMENDED.**

## Information Note - Public Water and Waste Water Networks

### Connections

On the 1<sup>st</sup> of January 2014 Irish Water became the statutory body with the responsibility for all water services, both water and waste water. The provision of a water services connection will be carried out by Irish Water in partnership with each Local Authority.

Any persons seeking a connection to any of Irish Water's networks should make an application in the first instance to their Local Authority who will act on behalf of Irish Water in processing the application.

A Connection Agreement between Irish Water and the applicant will be required, prior to any connection being agreed and will set out the conditions and charges to be applied to the connection. Details, including availability of application forms, are to be found on each Local Authority website.

It should be noted that Planning Authorities can no longer levy water and wastewater development charges and that these will now be incurred as part of the connection charge, if applicable.

Under the provisions of Section 55(1)(a) of the Water Services Act 2007 (the Act) it is an offence for a person to cause or permit the connection of a premises to the public water supply network, either directly or indirectly, or to otherwise take a water supply without the agreement of Irish Water.

Similarly under the provisions of Section 61(1) (a) of the Act, it is an offence for a person to cause or permit the connection of a premises to the public waste water collection network, either directly or indirectly, without the agreement of Irish Water.

# INFORMATION for the purposes of Building Control;-

- **IMPORTANT NOTE NOW THAT YOU HAVE RECEIVED PLANNING PERMISSION or ARE INTENDING TO CARRY OUT BUILDING WORKS.**

**BEFORE ANY BUILDING WORKS TAKES PLACE ON YOUR SITE YOU WILL NEED TO CHECK THE FOLLOWING Pre-Development Planning Conditions, Commencement Notice, Construction Products Regulations (CPR) (Regulation (EU) No. 305/2011).**

- **IF SOME OR ANY OF THESE ARE OMITTED YOUR BUILDING MAY BE AN UNAUTHORISED BUILDING AND YOU MAY BE GUILTY OF AN OFFENCE AND/OR YOU MAY BE SUBJECT TO PENALTIES.**
- **YOU SHOULD ALSO BE AWARE THAT IF YOU OMIT TO SUBMIT A VALID COMMENCEMENT NOTICE TO YOUR LOCAL AUTHORITY YOU MAY BE UNABLE TO GET A COMPLETION CERTIFICATE AND THIS MAY HAVE SERIOUS LONG TERM CONSEQUENCES.**

*(The information is for guidance purposes only and does not purport to be a legal interpretation or constitute legal or professional advice.)*

## 1. Pre-Development Planning Conditions;

1. If there are any Pre-Development conditions on the schedule of conditions attached to your planning permission you should give your immediate attention to them prior to the commencement of your development.

**Note:** All conditions must be complied with in full as failure to do so will render your permission invalid and may result in the initiation of enforcement proceedings for compliance with same

## 2. Commencement Notice; [www.localgov.ie](http://www.localgov.ie)

In accordance with the Building Control Regulations you are obliged to submit a Commencement Notice prior to commencement of the development and it must be received by the BCA not less than 14 days and not more than 28 days before you wish to commence. Commencement Notice forms may be downloaded from [www.localgov.ie](http://www.localgov.ie). @ BCMS. Please complete same and submit on-line to BCMS.

- (a) A completed copy of the commencement notice which must be signed by the owner of the works and must (refer to section 9 S.I. No 9 of 2014) be to be accompanied by the following;
  - a. General Arrangement Drawings
  - b. A schedule of design documents as are currently prepared or to be prepared
  - c. An online- assessment via the Building Control Management System of the proposed approach to compliance with the requirements of the Building Regulations 1997 to 2014;
  - d. The preliminary inspection plan
  - e. A Certificate of Compliance (Design)
  - f. Notices of Assignment in respect of the Builder who will carry out the works and of the Assigned Certifier who will inspect and certify the works, and
  - g. Certificates of Compliance signed by the Builder and the Assigned Certifier undertaking to carry-out their roles in accordance with the requirements of the Building Regulations.

With regard to the above, please note that:

1. The Designer and the Assigned Certifier must be a Chartered Engineer, or Registered Architect or Registered Surveyor
1. A Competent Builder must execute the work

2. Your drawings must show details of how your Building will comply with the Building Regulations - drawings submitted for planning permission purposes are not typically building control compliance drawings.
3. The commencement notice and accompanying documentation must be filed electronically via the online Building Control Management System. Where notices and documentation are submitted in written format, the building control authority will arrange for scanning and uploading of same for which an administrative charge will apply and statutory deadlines relating to such notices may be delayed by up to seven days.

(Note: Statutory approvals relating to fire safety and disabled access continue to apply where relevant and are not affected by the above changes).

### **3. Construction Products Regulations (CPR) (Regulation (EU) No. 305/2011)**

**CE MARKING of construction products covered by harmonised European Standards is mandatory, when the construction product is placed on the market.**

You need to ensure that you appoint competent professionals.

Whilst the CPR concerns itself with the conditions which apply when placing a construction product on the market, clients, specifiers, designers and builders etc. should be aware of the following when incorporating construction products into building works:

1. When drawing up specifications, refer to the harmonized technical specifications and specifically to the performance requirements of individual characteristics when necessary,
1. When choosing the products most suitable for their intended use in construction works, review the manufacturer's Declaration of Performance,
2. Check National Annexes or Standard Recommendations which give guidance on appropriate minimum performance levels for specific intended uses of the product in Ireland. NSAI host this information at [www.nsa.ie](http://www.nsa.ie), and

**NOTE; All works should be carried out using "proper materials...which are fit for the use for which they are intended and for the conditions in which they are to be used" to ensure compliance with the Building Regulations. For further information on the Building Regulations see <http://www.environ.ie/en/DevelopmentHousing/BuildingStandards/>**
