Hi Billy

Final Grant Notifications are not generated for these applications as it is just for an Extension of Duration of Permission. Do you have the final grant for the parent application (F07A/0954)? If you have this document, that is the Final Grant for the application.

Many thanks
Regards
Michelle Burke

Hi

We are in the process of applying for an EPA licence for our client – Panda Waste. As part of the application we need to submit both the planners report and final grant notice for all relevant previous planning permissions for the site. I have been able to access almost all of the required documentation from the Fingal CoCo planning portal except for the final grant notice for application no. F07A/0954/E1. The Notification of Decision to Grant Permission is available online but the EPA will not accept this. Would it be possible to email me a copy of the final grant notice for this application number please?

Thanking you in advance

Kind regards

Billy Hamilton
