To whom it may concern,

I wish to inform you of recent changes to the management structure and nominated deputies for Knockharley Landfill. These changes take effect from the Beuparc Group acquisition of Knockharley Landfill. The following is the management structure as per condition 2.1 of W0146-02.

Sean Smith is now General Manager & Facility Manager. Sean has over 15 years landfill experience and has been deputy landfill manager for the last number of years. Sean has the necessary qualifications and experience to fulfil this role.

Michael Noone is deputy Facility Manager and Head Supervisor Michael has over 15 years working in the landfill and has the necessary qualifications and experience to fulfil this role.

Bebhinn Brennan is the EHS officer for the facility. Bebhinn has a masters in Environmental Management and over 7 years as EHS officer in the waste industry.

David Naughton is the Group Environmental Manager for the Beuparc Group. David has 13 years' experience in waste management and is qualified in Environmental Science & Technology, Occupational Health and Safety, Agriculture and Compost Facility Management.

David Tobin is the Group Renewable Energy and Sustainability Director; David has 21 years' experience in Environmental Management Roles. David has two degrees in Environmental Sciences.

Joe Nicholson is the Group Health and Safety Manager for the Beuparc Group. Joe has 7 years' experience as been Health and Safety Manager with the company.

Kieran Connor is the Group Processing Manager. Kieran joined the company in 2002 and has been a Facility Manager from 2005 to 2016. In 2016 Kieran became Group Processing Manager.

Mr Eamon Waters is the Beuparc Groups CEO. Eamon has 29 years' experience in waste management and has guided in the Beuparc Group to become the largest waste management company in Ireland.

Mr Brian McCabe is the Beuparc Groups Managing Director. Brian has over 15 years' experience in waste management as General Manager of Panda prior to the establishment of the Beuparc Group in 2016.
