Re: Notice in accordance with Regulation 12 of the European Union (Waste Water Discharge) Regulations 2007 to 2020

December 16, 2021

Dear Sir or Madam

I refer to your application for a review of the waste water discharge licence relating to agglomeration named Whitegate-Aghada, Reg. No. D0423-02.

I am to advise you of a failure of compliance with:

- Regulation 11 of the European Union (Waste Water Discharge) Regulations 2007 to 2020. The notice as erected or fixed at the site contravenes Regulation 11(b), (c) and (d) of the regulations. On inspection, the notice as erected was not secured against damage from bad weather, was not easily visible by persons using the public road and was not maintained in the position where erected.

The Agency, therefore, requires you, in accordance with Regulation 12 of the regulations, to erect a further site notice that complies with the requirements of Regulation 11. The notice shall be maintained in the position where erected or fixed for a period of at least 5 weeks from the date of this notice.

You are required to provide evidence of the erected site notice by 21st January 2022.

Your response to this request is to be submitted via EDEN. Guidance on how to use this portal is available on the EPA website at <https://www.epa.ie/publications/licensing--permitting/industrial/ipc/how-to-open-and-respond-to-an-epa-notice-issued-to-eden.php>

Please direct any queries that you may have in relation to the above to the Inspector Christine Murphy at 053-9160600.

Yours Faithfully,

Environmental Licensing Programme
