**Re: Dean Waste Co. Ltd, W0042-01**

Dear Mr Delaney,

The Agency refers to the General Quantitative Risk Assessment (Report Ref. 21465678.R01.B1) submitted to the Agency on 16/11/2021, and the Materials Management Plan (Report Ref. 21465678.R02.B2) and Verification Report (Report Ref. 21465678.R03.B1) submitted to the Agency on 26/11/2021 in relation to Waste Licence Reg. No. W0042-01, Dean Waste Co. Limited.

It is understood that the licensee, Dean Waste Co. Limited, went into receivership on the 10/06/2010 and that the current site owner, Glenveagh Living Limited, agreed to close out issues of environmental concern at the site. This work was detailed in the reports referred to above. The Agency has reviewed these reports and, based on the findings therein, it is considered that the site does not pose a significant risk to the environment.

In the absence of a licence surrender (due to the licensee going into receivership) the licence will remain in place, however the Agency considers that no further action is required for Waste Licence Reg. No. W0042-01.

Please quote the above reference in future correspondence in relation to this matter.

Yours sincerely

---

Cian O'Rourke  
Office of Environmental Enforcement
