Subject: Contact with licensing section please

Hi there,

Just to let you know that I've been trying to call the main EPA numbers in Wexford, Dublin or Monaghan but the call is asking for an ID number so I couldn't get a call through.

May I please have a phone number of someone in the licensing section please? I have a technical amendment in place and I would like to speak with the inspector about it and its progress. The reference is CR 08914. Our licensed site is W0036-02.

Thanks for your help,

Grace
