Proposed Alteration Description

There is a small corner section of the site which is required to be taken by Dublin Port for their road network. There is a lot of road networks being built in Dublin Port and this small corner needs to be removed so that Dublin Port can install a roundabout. The reason that the request is urgent is because Dublin Port need this section of land back to finalise this roundabout at the edge of our site.

We have included here the exit audit report by the inspector Cathal Gahan and the additional reports that were completed. This corner of land was not used by the activity and the reports reflect that. The updated site map is included in the report by AWN Consulting.

Priority	3. Urgent
Category of Amendment	(b) Facilitating the doing of any thing pursuant to a condition attached to the licence where the doing of that thing may reasonably be regarded as having been contemplated by the terms of the condition or the terms of the licence taken as a whole but which was not expressly provided for in the condition

Questions

Q1	Is planning permission required to support the proposed alteration?	No
Q2	Does the application involve an installation boundary change?	Yes
	If 'Yes', for a proposed site boundary reduction please attach an OEE Exit Audit Approval for the reduced boundary area. In the case of an installation boundary increase for an Industrial Emission Licenced activity, you are required to provide the reason that you consider a Baseline Report is not required. In the case of all boundary changes also provide an updated site boundary location map in accordance with Section B of the EPA Licence Application Form.	SV22439 - Licensee Report.pdf
Q3	Does the application involve changes to emissions to sewer?	No
Q4	Attach Appropriate Assessment Screening Report here	Appropriate Screening Report.pdf
