TECHNICAL AMENDMENT A
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0036-02
Company Registration Number:	59667
Licensee:	Indaver Ireland Limited
Location of Installation:	Tolka Quay Road Dublin Port Dublin 1

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0036-02 granted on 14th July 2005 and amended on 7th January 2014 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activities, individually or in combination with other plans or projects are likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at South Dublin Bay and River Tolka Estuary SPA (004024), North Bull Island SPA (004006), North Dublin Bay SAC (000206), South Dublin Bay SAC (000210), and Rockabill to Dalkey Island SAC (003000).

The activities are not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activities, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activities was not required.

This determination is based on the following reasons:

- The installation is not within any European Site; and
- There will be no change to the activity or emissions from the installation from what was considered when revised Licence Reg. no. W0036-02 was granted.
