Subject: FW: Re. Licence Amendment Request: CR08896 W0304-01 EPA043471

Dear Sir/Madam,

 I would be grateful to receive an update in relation to the change request CR08896 below which was submitted on 24th May 2021.

The submission sought a revision to emission to sewer limits for a limited number of parameters (BOD, COD and volume) and was accompanied by a letter of support from Irish Water with whom we had consulted.

I would like to update the Licensee on the status of this request and would greatly appreciate hearing back from you in that regard.

Many thanks,

Malcolm
