Re: Gort Historic Landfill – Notice in accordance with Regulation 7(4) of the Waste Management (Certification of Historic Unlicensed Waste Disposal and Recovery Activity) Regulations 2008

Dear Mrs Babiarczyk,

I refer to the related EPA correspondence dated 5th July 2022. The correspondence requested further information relating to seven specific items listed in the request letter.

Since receipt of the request Galway County Council has studied the nature of each request with a view to supplying the requested information. Galway County Council is currently awaiting a fee proposal from external consultants, whose input will be required to provide the requested information.

Once costs are known Galway County Council must ensure that a suitable budget from DECC is in place in order to progress the necessary work.

Galway County Council will endeavour to revert to the EPA at the earliest possible opportunity. However, due to the nature of the request, and the steps outlined above which must be undertaken in order to comply with the request, it will be a number of weeks before all information is at hand.

Galway County Council will endeavour to revert to the EPA with the requested information by 31st October 2022 provided a budget is available to progress this request once costs are known.

Do not hesitate to contact me if you have any queries.

Yours sincerely,

Colin Ryder
