5. Oral Hearing Request

SSE Generation Ireland Limited – Reg. No. P0606-04

The Directors considered a Memorandum from the Office of Environmental Sustainability concerning a request for an Oral Hearing of the objections to the Proposed Determination issued to SSE Generation Ireland Limited for their installation at Great Island Generating Station, Campile, New Ross, County Wexford, Register Licence No. P0606-04. Jim Johnson and Marie O’Connor gave verbal presentations. The Directors noted that objections were received from the applicant and five third parties and a submission was received from one third party in relation to the first party objection. Three third parties requested an Oral Hearing. The Directors noted in the Memorandum dated 10 May 2022 that the Inspector dealing with the application had examined the objections and the request against the criteria set out in the procedure for holding Oral Hearings and recommended that an Oral Hearing is not merited. Following discussion, the Directors deferred a decision pending additional information.
