Reg. No.: P0790-03

Further Notice under the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence review from Mr. Eoin O'Brien for an installation located at Mogeely Pig Farm, Annistown, Killeagh, Cork

Dear Sirs,

I refer to the EPA's notice of 24 August 2022 requesting information in respect of your licence review application. You have requested an extension until 10 November 2022. It is noted that this proposed date provides a total period of 6 weeks to comply with the EPA (Industrial Emissions) (Licensing) Regulations 2013. The Agency allows an extension to the period and requires you to provide the information requested to the Agency on or before 10 November 2022.

It should be noted that failure to comply with this request may result in the EPA activating Regulation 19 of the EPA (Industrial Emissions)(Licensing) Regulation 2013 which pertains to Withdrawal or Abandonment of application for a licence. Have regard in particular to:

(2) Where the Agency is of the opinion that an application for a licence or review of a licence has been abandoned it may give to the applicant a notice stating that fact and requiring that person, within a period specified in the notice (being a period of not less than 14 or not more than 28 days beginning on the date of the giving of the notice), to make to the Agency a submission in writing as to why the application should not be regarded as having been abandoned.

(3) Where a notice has been given under paragraph (2), the Agency may, at any time after the expiration of the period specified in the notice, and after considering the submission (if any) made to the Agency pursuant to the notice, declare that the application to which the notice relates shall be regarded as having been abandoned.

Your prompt attention to this matter is requested.

Yours faithfully,

Linda Cahill
