

Electronic Copy

On behalf of Starrus Eco Holdings Limited

19/12/2022

Reg. No.: W0261-03

Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence review from Starrus Eco Holdings Limited for an installation located at Starrus Eco Holdings Limited (Cappagh), Cappagh Road, Finglas, Dublin 11, D11 NP68

Dear Sir or Madam,

I refer to the application for a licence received by the EPA on 09 November 2021.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with the above mentioned legislation. You are therefore requested, in accordance with the regulations, to supply the information detailed below.

**Waste** (Regulation 9(2)(t))

1. Provide details on the existing abatement and its capacity to handle the proposed increase in waste to be accepted at the installation. Confirm that there is sufficient storage at the installation for the raw materials, intermediates and products used or generated on the site and waste.
2. Provide a copy of the waste acceptance procedures employed or to be employed at the installation.
3. Provide a precise breakdown of all wastes to be increased and accepted at the installation including list of waste (LoW) codes and tonnages.

**Odour** (Regulation 9(2)(k))

4. Provide an odour assessment to determine the impact of odour emissions from your installation. Ensure that all modelling input parameters are in accordance with the EPA (2020) OEE Air Dispersion Modelling Guidance Note (AG4) 2020.

**Map** (Regulation 9(4)(d))

5. Provide a map of the installation that clearly identifies all the emission points on-site (e.g. storm water, air and dust monitoring locations).

In addition to the above, please also provide an updated non-technical summary (Application Form, and EIAR where applicable) to reflect the information provided in your reply, insofar as that information impinges on the non-technical summary.

The requested information should be submitted to the Agency within *eight weeks* of the date of this notice, in order to allow the Agency to process and determine your application.

It should be noted that the eight-week period within which the Agency is to decide the proposed determination will commence on the day on which this notice has been complied with. If you have any further queries please contact [licensing@epa.ie](mailto:licensing@epa.ie).

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Your response to this request is to be submitted via EDEN. Guidance on how to use this portal is available on the EPA website at [IE Licence application guidance | Environmental Protection Agency \(epa.ie\)](#)

Please direct any queries to [licensing@epa.ie](mailto:licensing@epa.ie).

Yours faithfully,

Environmental Licensing Programme
