

## ATTACHMENT 4.3 CONVERSION/DENSITY FACTORS

Not applicable.

Ballynacarrick Landfill Site operated from c.1980 until closure in July 2012 due to the capacity of the facility being exhausted. 574,600 tonnes of waste was deposited at the site. The site has been progressively restored on a phased basis in accordance with the Waste Licence (Ref: W0024-04) since 2004 with the final restoration being completed in 2013. No waste will be accepted at the facility for recovery or disposal.
