Jonathan Gauntlett

On behalf of Amazon Data Services Ireland Limited

3<sup>rd</sup> February 2023

Reg. No.: P1171-01

Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence application from Amazon Data Services Ireland Limited for an installation located at Amazon Data Services Ireland Limited, Clonsaugh Business & Technology Park, Dublin, D17 V088

Dear Sir,

I refer to the application for a licence received by the EPA on 21 January 2022.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with the above mentioned legislation. You are therefore requested, in accordance with the regulations, to supply the information detailed below.

**EIA**

1. With regards to the Environmental Impact Assessment Report documentation (EIAR) submitted with the licence applications, it is noted that a number of Environmental Impact Assessment Reports (EIAR) and an Environmental Impact Statement (EIS) have been submitted. It is noted that a number of sections have been omitted from the documents.
  - a) Provide the non-technical summary (NTS) of each of the EIARs:
    - I. the EIAR (and addendum EIAR) associated with planning permission 3803/20;
    - II. the EIAR associated with planning permission 4185/18; and
    - III. the EIAR associated with planning permission 3096/18 (Regulation 9(2)(e)).
2. Provide Appendix 11.1 Photomontages (amended) of the addendum EIAR associated with planning permission 3803/20 (Regulation 9(2)(e)).

**Planning permission**

3. Final grants of planning permission have been included in the licence application for a number of the relevant planning permissions for the activity. However, with regards to

planning permission ref. no. 3634/15, you are required to submit a copy of Dublin City Council's final grant of planning permission (Regulation 9(2)(e)).

In addition to the above, please also provide an updated non-technical summary (Application Form, and EIAR where applicable) to reflect the information provided in your reply, insofar as that information impinges on the non-technical summary.

The requested information should be submitted to the Agency within **two weeks** of the date of this notice, in order to allow the Agency to process and determine your application.

It should be noted that the eight-week period within which the Agency is to decide the proposed determination will commence on the day on which this notice has been complied with. If you have any further queries please contact [licensing@epa.ie](mailto:licensing@epa.ie).

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Your response to this request is to be submitted via EDEN. Guidance on how to use this portal is available on the EPA website at [IE Licence application guidance | Environmental Protection Agency \(epa.ie\)](#)

Please direct any queries to [licensing@epa.ie](mailto:licensing@epa.ie).

Yours faithfully,

Environmental Licensing Programme
