Reg. No.: W0240-02

Notice in accordance with Article 21 of the Waste Management (Licensing) Regulations, in respect of a licence review from Bord Na Móna Recycling Limited for a facility located at Solsborough, Springfort Cross, Nenagh, County Tipperary

Dear Madam,

I refer to your application for a licence review, W0240-02 which was received by the EPA on 24 October 2018.

As you are aware, the EPA assessed your application for compliance with the above referenced regulations and requested outstanding information in order to complete the application.

As you failed to provide the Agency with the additional information required to enable the Agency to progress with the assessment of the application, it is considered that it is appropriate to issue a Notice under Regulation 21(2) of the Regulations.

In the absence of an adequate response, the EPA is of the opinion that the application has been abandoned. I enclose a Notice in accordance with Article 21(2) of the Waste Management (Licensing) Regulations of the above referenced Regulations.

If a submission is not received by **20 March 2023**, the application will be regarded as having been withdrawn. Failure to provide the outstanding information within the time limit will also be regarded as indicating withdrawal.

The Agency is empowered to treat the application as abandoned even if a submission is made and/or the documentation furnished. You should therefore treat this notice as one of primary importance and possibly the last opportunity for you to comply with your statutory obligations. It should be clearly understood that the onus for compliance with these statutory obligations rests with the applicant.

Withdrawal of the application will result in prosecution for carrying on an unlicensed activity.

Yours faithfully,

Environmental Licensing Programme
