Reg. No. W0232-02- Reg 14(2) Notice (LACT00012874)

Dear Sir/ Madam,

I refer to the letter of the 21 February 2023 issued by the Agency, in respect of a license review application from Dublin Waste to Energy Limited, seeking to extend the appropriate period by which the Agency must issue a proposed determination to 24 March 2023.

As the Agency noted in its letter the original application was received by the EPA in June 2019. On 12th October 2022 a request for additional time until 27th February 2023 was requested by the Agency which DWTE agreed. On 21st February 2023, DWTE received another request for additional time until 24th March 2023.

DWTE agrees to this timeline until 24th March 2023.

We look forward to a decision earlier than 24th March 2023 if possible and no later than that date, where an earlier decision date is not possible.

Yours Sincerely,

Mark Heffernan,
Environmental Manager,
Encyclis Limited,
For and on behalf of
Dublin Waste to Energy Ltd.
