Dear Sir or Madam

We refer to your application for a waste water discharge licence relating to agglomeration named Ballycotton, Reg. No. D0516-02.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with Regulation 16 of the European Union (Waste Water Discharge) Regulations 2007 to 2020.

You are therefore required, in accordance with Regulation 18(3)(b) of the Regulations, to take steps to supply the information detailed below:

REGULATION 16 COMPLIANCE REQUIREMENTS

- Provide an explanation as to why the specified improvements set out in Schedule C.1 of the current licence D0516-01 were not carried out within the specified timeframe.
- Provide a Natura Impact Statement, as defined in Regulation 2(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended.
- Provide a copy of the planning authority or an Bord Pleanála as the case may be, appropriate assessment determination and a copy of the Natura Impact Statement which was provided to the planning authority or an Bord Pleanála as the case may be, in respect of development or proposed development to which the application relates.

Your reply to this notice should include a revised non-technical summary which reflects the information you supply in compliance with the notice, insofar as that information impinges on the non-technical summary.

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted, provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Please supply the information by 12 April 2023. Please note that all maps/drawings should not exceed A3 in size.
