RE: Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of the licence application P1181-01

Dear Sir/Madam,

As requested by the Regulation 10(2)(b)(ii) Notice received on 24 April 2023 Amazon Data Services Ireland Limited is required to supply additional information.

Request 1: It is noted that there is a further planning permission granted (reference ABP310729-21 / 21663) for a development within the proposed installation boundary that was not included in the application form documents. Confirm if this planning permission is relevant to the application on hand (P1181-01) (Regulation 9(2)(e)).

Response to Request 1: Permission for an additional data storage facility was granted under planning permission reference ABP310729-21 / 21663, after the application for the current Industrial Emissions license Reg. No. P1181-01 was submitted to the Agency. This facility has not been constructed and therefore has not been included in the current Industrial Emissions license application. If required, at a later date, an IE License Review would be initiated to include the additional facility.

Sincerely,

Jonathan Gauntlett

Principal Environmental Consultant
