Re. Ballynacarrick landfill

Dear Julie,

My apologies for the delayed response. I can confirm that our current opinion is that the proposed activity subject to the receipt of a Waste Licence Review (as per Application Reference LA007427 to the Environmental Protection Agency) constitutes exempted development under Article 7(2) of the Planning and Development Regulations 2001 (as amended) in that it has the purpose of giving effect to conditions attached to a license (Condition 3.14) granted under the Waste Management Act 1996 (as amended).

This opinion is subject to the completion of an Appropriate Assessment currently being undertaken by the EPA. In the event that these screening exercises being undertaken identify likely significant effects upon the integrity of any European site arising as a result of the Proposed Development (either alone or in combination with other projects) this opinion is likely to change and will be reconsidered.

I trust that this is in order.

Yours sincerely,
