Re: Industrial Emissions licence review application for Carranstown Site Sustainability Project.

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to your letter dated 21st July 2023 in relation to the above-mentioned application for a review of an Industrial Emissions Licence under section 87(1B)(a)(i) of the EPA Act, 1992, as amended. In respect of the Environmental Protection Agency's request for observations in accordance with the provisions of section 87(1D)(a) of the EPA Act, 1992, as amended, and having regard to the specific queries raised in your letter, the Board would wish to comment as follows:

- Having carried out an initial inspection of documents on the Agency's website, the Board considers that the activity, subject of the current Industrial Emissions licence review application, would appear to be the same as that approved by the Board, subject to conditions, as strategic infrastructure development, on 30 March 2022 under Board reference ABP-307433-20.
- The decision was made by the Board after the carrying out of an environmental impact assessment and receipt of an Inspector's report on the said case, which includes a section on environmental impact assessment and consideration of key associated issues.
- The Agency's attention is brought to the issues set out in the Inspector's report and assessment and the Board's final decision, as set out in the Direction and Order, with particular attention to the Reasons and Considerations and Conditions imposed on the grant of permission.
- All documents relating to the Environmental Impact Assessment are available on <https://www.pleanala.ie/en-ie/case/307433>
