Notification of Grant of Retention
PLANNING & DEVELOPMENT ACT 2000, AS AMENDED

Final Grant Order No.: PF/0933/22	Date of Final Grant : 10-May-2022
Decision Order No. : PF/0642/22	Date of Decision: 31-Mar-2022
Register Reference: FW22A/0016	Registration Date : 04-Feb-2022

Applicant: Starrus Eco Holdings Ltd.

Development: The development for which retention permission is sought consists of the retention of a single storey waste recovery/transfer building. The floor area of the building is 4226 sq.m and the height of the building at its highest from the finished floor level is 13.211m. The retention permission is also required for all associated site works and services.

Area: Blanchardstown Mulhuddart

Location: Greenstar Materials Recovery Facility, Millennium Business Park,
Cappagh Road, Townland of Grange, Ballycoolin, Dublin 11

Submitted Floor Area: 4226 sq.m.

Time extension(s) up to and including

Additional Information Requested / Received /

Retention has been granted for the development described above, subject to the (5) condition(s) on the attached pages.

Signed on behalf of the Fingal County Council

for Senior Executive Officer

10-May-2022

Conditions and Reasons

1. The development shall be retained and carried out in its entirety in accordance with the plans, particulars, specifications, and information lodged with the application on 4/2/2022, save as may be required by the other conditions attached hereto.

REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.

2. The terms and conditions of the grant of permission made by Fingal County Council Under Reg. Ref. FW18A/0079, shall be complied with in full in the course of the development herein permitted, save for the changes to plans submitted for this application.

REASON: In the interest of the proper planning and sustainable development of the area.

3. The developer shall comply in full with the following:
 - a) No surface water / rainwater is to discharge into the foul water system under any circumstances.
 - b) The surface water drainage must be in compliance with the 'Greater Dublin Regional Code of Practice for Drainage Works, Version 6.0, FCC, April 2006.

REASON: In the interests of public health and in order to ensure adequate drainage provision.

4. Car parking, bicycle parking and welfare facilities shall be provided in accordance with the plans and particulars submitted on 4th February 2022.

Reason: In the interest of the proper traffic management of the area and the interest of public health.

5. The developer shall pay to the planning authority a financial contribution of €439,124 in respect of public infrastructure and facilities benefiting the development in the area of the planning that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under Section 48 of the Planning and Development Act 2000, as amended. The Contribution shall be paid in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment.

REASON: It is considered reasonable that the payment of a contribution be required in respect of the public infrastructure and facilities benefiting development in the area of the Planning Authority and which is provided, or which is intended to be provided by, or on behalf of the Local Authority.

Note 1: The applicant is advised that under the provisions of Section 34(13) of the Planning and Development Act 2000 a person shall not be entitled solely by reason of a permission to carry out any development.

Note 2: The applicant is advised that the onus is on them to comply in full with the Building Control Regulations.

NOTE:

All buildings must now be designed and constructed in accordance with the Building Regulations. The Building Control (Amendment) Regulations, 2009 came into effect on 1st October 2009.

With the exception of houses and certain agricultural buildings, a Fire Safety Certificate/Revised FSC (please refer to Regs) is required for all buildings (including apartments and flats), extensions and alterations and changes of use which are covered by the Building Regulations.

A Commencement Notice (Building Control Regulations 1997 to 2009) must be submitted to the Building Control Authority (not less than 14 days and not more than 28 days before development commences) in respect of all buildings other than

- Buildings which require a Fire Safety Certificate under the Regulations and where a person intends to commence work on the construction of a building before grant of the relevant Fire Safety Certificate. (See 7 Day Notice below)
- Exempted development for the purposes of the Planning and Development Act 2000 and the Regulations made thereunder.

Disability Access Certificates/Revised Disability Access Certificates:-from the 1st of January 2010, a certificate of compliance with respect to Part M of the Second Schedule of the Building Regulations (Disability Access Certificate) shall be required in respect of all works or a building to which Part III (Fire Safety Certificates) refers.

A 7 Day Notice is required where a person intends to commence work on the construction of a building before grant of the relevant Fire Safety Certificate. The Notice must be submitted not less than 7 days in advance of commencement of work and must be in accordance with the requirements of Article 20A(2) of the Regulations.

A number of the conditions attached to the planning permission may need compliance submissions to be lodged and agreed prior to commencement of development. Please

submit 3 hard copies and 1 soft copy of all documentation in relation to compliance submissions. Failure to comply with a condition of the planning permission is an offence under Section 151 of the PLANNING & DEVELOPMENT ACT 2000, AS AMENDED.

All correspondence should clearly state the Planning Reg. Ref.

Hard Copies should **only** be submitted to:

Compliance Section,
Planning & Strategic Infrastructure Dept.,
Fingal County Hall,
Main Street,
Swords

Soft Copies should **only** be submitted to:

PlanningCompliance@fingal.ie

Information Note - Public Water and Waste Water Networks

Connections

On the 1st of January 2014 Irish Water became the statutory body with the responsibility for all water services, both water and waste water. The provision of a water services connection will be carried out by Irish Water in partnership with each Local Authority.

Any persons seeking a connection to any of Irish Water's networks should make an application in the first instance to their Local Authority who will act on behalf of Irish Water in processing the application.

A Connection Agreement between Irish Water and the applicant will be required, prior to any connection being agreed, and will set out the conditions and charges to be applied to the connection. Details, including availability of application forms, are to be found on each Local Authority website.

It should be noted that Planning Authorities can no longer levy water and wastewater development charges and that these will now be incurred as part of the connection charge, if applicable.

Under the provisions of Section 55(1)(a) of the Water Services Act 2007 (the Act) it is an offence for a person to cause or permit the connection of a premises to the public water supply network, either directly or indirectly, or to otherwise take a water supply without the agreement of Irish Water.

Similarly under the provisions of Section 61(1) (a) of the Act, it is an offence for a person to cause or permit the connection of a premises to the public waste water collection network, either directly or indirectly, without the agreement of Irish Water.

INFORMATION for the purposes of Building Control;-

- **IMPORTANT NOTE NOW THAT YOU HAVE RECEIVED PLANNING PERMISSION or ARE INTENDING TO CARRY OUT BUILDING WORKS.**

BEFORE ANY BUILDING WORKS TAKES PLACE ON YOUR SITE YOU WILL NEED TO CHECK THE FOLLOWING Pre-Development Planning Conditions, Commencement Notice, Construction Products Regulations (CPR) (Regulation (EU) No. 305/2011).

- **IF SOME OR ANY OF THESE ARE OMITTED YOUR BUILDING MAY BE AN UNAUTHORISED BUILDING AND YOU MAY BE GUILTY OF AN OFFENCE AND/OR YOU MAY BE SUBJECT TO PENALTIES.**
- **YOU SHOULD ALSO BE AWARE THAT IF YOU OMIT TO SUBMIT A VALID COMMENCEMENT NOTICE TO YOUR LOCAL AUTHORITY YOU MAY BE UNABLE TO GET A COMPLETION CERTIFICATE AND THIS MAY HAVE SERIOUS LONG TERM CONSEQUENCES.**

(The information is for guidance purposes only and does not purport to be a legal interpretation or constitute legal or professional advice.)

1. Pre-Development Planning Conditions;

1. If there are any Pre-Development conditions on the schedule of conditions attached to your planning permission you should give your immediate attention to them prior to the commencement of your development.

Note: All conditions must be complied with in full as failure to do so will render your permission invalid and may result in the initiation of enforcement proceedings for compliance with same

2. Commencement Notice; www.localgov.ie

In accordance with the Building Control Regulations you are obliged to submit a Commencement Notice prior to commencement of the development and it must be received by the BCA not less than 14 days and not more than 28 days before you wish to commence. Commencement Notice forms may be downloaded from www.localgov.ie, @ **BCMS**. Please complete same and submit on-line to BCMS.

- (a) A completed copy of the commencement notice which must be signed by the owner of the works and must (refer to section 9 S.I. No 9 of 2014) be to be accompanied by the following;
 - a. General Arrangement Drawings
 - b. A schedule of design documents as are currently prepared or to be prepared
 - c. An online- assessment via the Building Control Management System of the proposed approach to compliance with the requirements of the Building Regulations 1997 to 2014;
 - d. The preliminary inspection plan
 - e. A Certificate of Compliance (Design)
 - f. Notices of Assignment in respect of the Builder who will carry out the works and of the Assigned Certifier who will inspect and certify the works, and
 - g. Certificates of Compliance signed by the Builder and the Assigned Certifier undertaking to carry-out their roles in accordance with the requirements of the Building Regulations.

With regard to the above, please note that:

1. The Designer and the Assigned Certifier must be a Chartered Engineer, or Registered Architect or Registered Surveyor
1. A Competent Builder must execute the work

2. Your drawings must show details of how your Building will comply with the Building Regulations - drawings submitted for planning permission purposes are not typically building control compliance drawings.
3. The commencement notice and accompanying documentation must be filed electronically via the online Building Control Management System. Where notices and documentation are submitted in written format, the building control authority will arrange for scanning and uploading of same for which an administrative charge will apply and statutory deadlines relating to such notices may be delayed by up to seven days.

(Note: Statutory approvals relating to fire safety and disabled access continue to apply where relevant and are not affected by the above changes).

For more information; <http://www.environ.ie/en/DevelopmentHousing/BuildingStandards/>

3. Construction Products Regulations (CPR) (Regulation (EU) No. 305/2011)

CE MARKING of construction products covered by harmonised European Standards is mandatory, when the construction product is placed on the market.

You need to ensure that you appoint competent professionals.

Whilst the CPR concerns itself with the conditions which apply when placing a construction product on the market, clients, specifiers, designers and builders etc. should be aware of the following when incorporating construction products into building works:

1. When drawing up specifications, refer to the harmonized technical specifications and specifically to the performance requirements of individual characteristics when necessary,
1. When choosing the products most suitable for their intended use in construction works, review the manufacturer's Declaration of Performance,
2. Check National Annexes or Standard Recommendations which give guidance on appropriate minimum performance levels for specific intended uses of the product in Ireland. NSAI host this information at www.n Sai.ie, and

NOTE; All works should be carried out using "proper materials...which are fit for the use for which they are intended and for the conditions in which they are to be used" to ensure compliance with the Building Regulations. For further information on the Building Regulations see <http://www.environ.ie/en/DevelopmentHousing/BuildingStandards/>
