TECHNICAL AMENDMENT B
TO
WASTE LICENCE

Licence Register Number:	W0254-01
Company Register Number:	564315
Licensee:	Walshestown Restoration Limited
Location of Facility:	Walshestown Blackhall Tipperkevin and Bawnoge Naas County Kildare

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0254-01 granted on 23 October 2013, and amended on 27 May 2020, as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 40(4) of the Waste Management Act 1996 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activities, individually or in combination with other plans or projects are likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at Red Bog, Kildare SAC (000397), Poulaphouca Reservoir SPA (004063), Wicklow Mountains SAC (002122), Wicklow Mountains SPA (004040), Mouds Bog SAC (002331), Pollardstown Fen SAC (000396), Ballynafagh Lake SAC (001387), Ballynafagh Bog SAC (000391), South Dublin Bay and River Tolka Estuary SPA (004024) and South Dublin Bay SAC (000210).

The activities are not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activities, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activities was not required.

The determination is based on the following reasons:

- The facility is not located within any European site;
- The technical amendment relates to a reduction in the licensed boundary only; and
- There are no changes to the nature or extent of the operations and emissions at the facility from what was considered during the assessment conducted for Licence Reg. No. W0254-01.
