Article 11 No: 2690

Re: Article 11 Declaration

Dear Mr Thornton

The Agency has reviewed your Article 11 Request, which was received on 7 October 2022, and, based on the information provided, advises as follows:

The Agency has determined that a Waste Licence is required in accordance with the Waste Management (Licensing) Regulations 2004, as amended, from the Third and/or Fourth Schedule of the Waste Management Act 1996, as amended.

This determination is based on the fact that dredged sediment will undergo treatment via sediment solidification and stabilisation for the purposes of deposit into or onto land at the same site.

We trust this advice assists.

Yours sincerely

Environmental Licensing Programme
Office of Environmental Sustainability
