Mr. Paraic Fay  
On behalf of Mr. Killian Smith

19 December 2023

Reg. No.: P1176-01

Further Notice under the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence application from Mr. Killian Smith for an installation located at Mr. Killian Smith, Clonloaghan, Kilcogy, County Cavan.

Dear Mr Fay,

I refer to the EPA's notice of 04 October 2023 requesting information in respect of your licence application.

You are advised that there remains outstanding information, as required under the EPA (Industrial Emissions) (Licensing) Regulations 2013, as amended. You are therefore required to submit the outstanding information detailed below:

1) Site Map plan:

The revised NIS states that low emission housing is to be installed in the existing poultry house and in the new proposed poultry house i.e. total of two houses, however the updated site map plan submitted 13 October 2023 indicates three poultry houses. Clarification is required in relation to this:

- a) Provide an updated site map plan and specify which proposed poultry house (House 2 or House 3) is to be built;
- b) Remove house that is not being proposed as part of this application from site plan layout;
- c) Update the stormwater infrastructure to reflect the above changes i.e. remove any stormwater infrastructure related to the house that is no longer proposed; and
- d) Update the red line licence boundary to reflect above proposed changes.

With a view to advancing this application for determination, the above-mentioned information should be submitted to the EPA by 19 January 2024.

It should be noted that failure to comply with this request may result in the EPA activating Regulation 19 of the EPA (Industrial Emissions) (Licensing) Regulation 2013 which pertains to Withdrawal or Abandonment of application for a licence.

Your prompt attention to this matter is requested.

Yours faithfully,

Brian Walsh
