Dear Sir / Madam

**RE: Kilsaran Concrete, Ballinclare Quarry, Kilbride Co. Wicklow
Waste Licence Application Ref. No W0311-01**

As you will be aware, An Bord Pleanála refused an application for proposed Strategic Infrastructure Development comprising an inert waste management facility at Ballinclare Quarry, Kilbride, Co. Wicklow on 28th September last (Case Ref. ABP-309991-21).

In the absence of planning permission for the proposed development, the Applicant, Kilsaran Concrete Unlimited Company wishes to advise the Agency that it has decided to withdraw its waste licence application in respect of the same development (Licence Application Ref. W0311-01). Please update your records to reflect the fact that this licence application has now been formally withdrawn.

Kilsaran remains committed to supporting the future development of the circular economy in Ireland and is currently reviewing future options and opportunities at Ballinclare Quarry, particularly in view of its long record of supplying materials to the construction and development sector and supporting local rural-based employment.

If and when the company identifies an appropriate opportunity at the quarry, it will look to engage with the local community, the Planning / Local Authority and possibly the Agency, as appropriate.

Yours sincerely,
SLR Environmental Consulting (Ireland) Ltd
