**Re: Section 87(3) of EPA Act 1992 as amended in respect of licence review from Milltown Composting Systems Ltd for an installation located at Miltownmore, Fethard, County Tipperary.**

---

To whom it concerns,

We refer to your request on February 15<sup>th</sup> for an extension of the appropriate period by which the Agency must issue a proposed determination to 14<sup>th</sup> June 2024 in accordance with Regulation 14(2) of the EPA (Industrial Emissions)(Licensing) Regulations 2013.

Milltown Composting are very keen to progress his review as quickly as possible and so would prefer to not extend the appropriate time period out to mid-June as the application has been submitted since March 2023. However, Milltown Composting would be agreeable to an extension to April 30<sup>th</sup> 2024 to allow the Agency additional time to make an informed decision.

Yours sincerely,
