

2023 RECORD 3 (MOVEMENT OF LIVESTOCK MANURES)

Note the deadline for submission: Derogation applicants: 31st October 2023, Non Derogation applicants: 31st December 2023. Form to be submitted by Express or Registered post to: Nitrates Section, Department of Agriculture, Food & the Marine, Johnstown Castle Estate, Wexford Y35 PN52. Or by email to nitrates@agriculture.gov.ie (if emailing, **DO NOT** send a copy by post)

Please Note: In order to comply with Data Protection legislation, this form should only be used for a single transaction. Multiple forms may be submitted as necessary. Importers in breach of 170kg limit may be liable to penalty. This form will only be accepted for movements to and from Northern Ireland, where the importer does not have a Herd Number, where importer/exporter is deceased. In all other cases movements must be recorded and verified on-line on www.agfood.ie. Please see gov.ie - Rural Environment & Sustainability - Nitrates (www.gov.ie)

SECTION 1 (mandatory) - Date, Type of Fertiliser, Quantity Type and Quantity Moved.

Date of Movement	Type of Fertiliser (e.g. Cattle Slurry, Pig Slurry, FYM etc)	Quantity Type (tick relevant box)	Quantity Moved
20 / 12 / 2023	Poultry litter	<input checked="" type="checkbox"/> Cubic Meters <input type="checkbox"/> Tonnes <input type="checkbox"/> Gallons <input type="checkbox"/> Kg's <input type="checkbox"/> Litres	26.96

Nutrient Content Section (ONLY to be completed where fertiliser type/rates are not listed on SI 113/2022)

Nutrient content of fertiliser		Total N (kg)	Total P (kg)
N kg/m ³	P kg/m ³		

SECTION 2 (mandatory) - Method of Slurry Spreading (One or more options can be indicated, indicate as a percentage of the above quantity moved, if fertiliser is manure or if fertiliser is not land spread, use the "Other" option)

Trailing Shoe _____ (%) Trailing Hose/Dribble Bar _____ (%) Splash Plate _____ (%) Injection System _____ (%) Other 100 (%)

SECTION 3 (mandatory) - Exporter / Importer Name, Signature & Herd No required for the Exporter and Importer. Phone No: 045-526413

Exporter		Importer - * If Importer does not have a herd no please complete Section 4	
Name: <u>Larry G Clodagh McAuliffe</u>	Name: <u>Green Generation Ireland Ltd.</u>	Herd No: <u>FWC code: 020106</u>	
Herd No: <u>11972782</u>			
Signature: <u>Clodagh McAuliffe</u>			

SECTION 4 - Only applicable if Importer has no Herd Number

*Either LPS OR Folio Number(s) must be provided, maps are required to be submitted if no LPS available. Incomplete details will be returned for completion. No amendments will be accepted after submission. For exports to anaerobic digestors, nurseries, sports pitches, etc, only the Elr Code is required.

LPS No(s)	Folio No(s)	Elr Code

2023 Record 3 (Movement of Livestock Manures)

For completion by producers, processors, exporters, importers, and others involved in the movement of livestock manures. This form is to be submitted by Express or Registered post to: **Nutrient Content Section, Department of Agriculture, Food & the Marine, Submission Centre 1st floor, Wicklow VTS HSE, ON by email to submit@agriculture.gov.ie (if enabling, DO NOT send a copy by post)**

Manure should be stored in conformity with Data Protection legislation. This form should only be used for a single transaction. Multiple forms may be submitted as necessary.

Manure will only be accepted for movements to and from Northern Ireland, where the importer does not have a herd number, where importer/exporter is deceased.

SECTION 1 (mandatory) - Date, Type of Fertiliser, Quantity Type and Quantity Moved

Date of Movement	Type of Fertiliser (e.g. Cattle Slurry, Pig Slurry, FYM etc.)	Quantity Type (bulk delivered load)	Quantity Moved
20/12/2023	Rough Litter	Cubic Metres <input type="checkbox"/> Tonnes <input checked="" type="checkbox"/> Gallons <input type="checkbox"/> Kg's <input type="checkbox"/> Litres <input type="checkbox"/>	30.14

Nutrient Content Section

(ONLY to be completed where fertiliser registration are not listed on the 2023/2024)

Nutrient content of fertiliser	Total N (kg)	Total P (kg)
N kg/m ³		
P kg/m ³		

SECTION 2 (mandatory) - Method of Slurry Spreading (One or more options can be indicated, indicate as a percentage of the above quantity moved, if fertiliser is manure or if fertiliser is not land spread, use the "Other" option)

Trailing Shoe ☐ (N) Trailing Hose/Double Bar ☐ (N) Spill Plate ☐ (N) Injection System ☐ (N) Other ☒ (N)

SECTION 3 (mandatory) - Exporter / Importer Name, Signature & Herd No required for the Exporter and importer.

Exporter Name: <u>Philip McAuliffe</u> Herd No: <u>W172382</u> Signature: <u>Philip McAuliffe</u>	Importer Name: [REDACTED] Herd No: [REDACTED] Signature: [REDACTED]
---	---

SECTION 4 - Only applicable if importer has no Herd Number

*Either LPS OR Field Number(s) must be provided, maps are required to be submitted if no LPS available. Incomplete details will be returned for completion. No amendments will be accepted after submission. For exports to aerobic digestion, manure, sports pitches, etc, only the Eir Code is required.

LPS No(s)	Field No(s)	Eir Code

Note the deadline for submission: Derogation applicants: 31st October 2023, Non Derogation applicants: 31st December 2023. Form to be submitted by Express or Registered post to: Nitrates Section, Department of Agriculture, Food & the Marine, Johnstown Castle Estate, Wexford V35 PWS2. OR by email to nitrates@agriculture.gov.ie (if emailing, DO NOT send a copy by post)

2023 RECORD 3 (MOVEMENT OF LIVESTOCK MANURES)

Please Note: in order to comply with Data Protection legislation, this form should only be used for a single transaction. Multiple forms may be submitted as necessary. Importers in breach of 170kg limit may be liable to penalty. This form will only be accepted for movements to and from Northern Ireland, where the importer does not have a Herd Number, where importer/exporter is deceased. In all other cases movements must be recorded and verified on-line on www.agfood.ie. Please see gov.ie - Rural Environment & Sustainability - Nitrates (www.gov.ie)

SECTION 1 (mandatory) - Date, Type of Fertiliser, Quantity Type and Quantity Moved.

Date of Movement	Type of Fertiliser (e.g. Cattle Slurry, Pig Slurry, FYM etc)	Quantity Type (tick relevant box)	Quantity Moved
09/ 01 /2023	Poultry Litter	Cubic Meters <input type="checkbox"/> Tonnes <input checked="" type="checkbox"/> Gallons <input type="checkbox"/> Kg's <input type="checkbox"/> Litres <input type="checkbox"/>	32.96

Nutrient Content Section			
(ONLY to be completed where fertiliser type/rates are <u>Not</u> listed on SI 113/2022)			
Nutrient content of fertiliser		Total N (kg)	Total P (kg)
N kg/m ³	P kg/m ³		

SECTION 2 (mandatory) - Method of Slurry Spreading (One or more options can be indicated, indicate as a percentage of the above quantity moved, if fertiliser is manure or if fertiliser is not hand spread, use the "Other" option)

Trailing Shoe _____ (%) Trailing Hose/Dribble Bar _____ (%) Splash Pile _____ (%) Injection System _____ (%) Other 100 (%)

SECTION 3 (mandatory) - Exporter / Importer Name, Signature & Herd No required for the Exporter and Importer.

Exporter	Importer - * If Importer does not have a herd no please complete Section 4
Name: Jerry & Clodagh McAuliffe	Name: Custom Compost
Herd No: M1972762	Herd No: Comp 114
Signature: <u>Clodagh McAuliffe</u>	Signature: 

SECTION 4 - Only applicable if importer has no Herd Number

* Either LPIs OR Folio Number(s) must be provided, maps are required to be submitted if no LPIs available. Incomplete details will be returned for completion. No amendments will be accepted after submission. For exports to anaerobic digestors, nurseries, sports pitches, etc, only the Eir Code is required.
