Mr. Sam Bowden  
Mr. Jim O'Callaghan  
On behalf of Starrus Eco Holdings Limited

26 February 2024

Reg. No.: W0249-02

Further Notice under the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence review from Starrus Eco Holdings Limited for an installation located at Starrus Eco Holdings Limited (Littleton), Ballybeg, Littleton, Tipperary, E41 WP83

Dear Sir or Madam,

I refer to the EPA's notice of 28 November 2023 requesting information in respect of your licence review application.

In your letter to the Agency dated 02 February 2024, it is noted that you propose to submit the odour dispersion model by 31 March 2024. Accordingly, you are advised to submit the outstanding information detailed below, as required under the EPA (Industrial Emissions) (Licensing) Regulations 2013, as amended:

1. Odour Dispersion Model [Regulation 9(2)(k)]

The licensee is required to submit an odour dispersion model that assesses the impact of emissions from the installation. The model and report should include the following:

- a. Identification of all the odorous waste streams and processes and confirmation that all odorous waste streams are stored and processed in the building where the odour control unit is in place.
- b. Odour impact assessment using maximum volumetric flow rate and maximum odour concentration from the biofilter.
- c. All required details as set out in section 6 of EPA Guidance Note (AG4) on Air Dispersion Modelling from Industrial Installations, and in particular a gridded receptor network and additionally provide results at specific sensitive receptors.
- d. A cumulative assessment of the impact of industrial installations/waste facilities emissions sources in the region where applicable or justify why a cumulative assessment is not required.

With a view to advancing this application for determination, the above mentioned information should be submitted to the EPA by 31 March 2024.

Your prompt attention to this matter is requested.

Yours faithfully,

A handwritten signature in black ink, appearing to be 'D.M.', written over a horizontal line.
