Dear Inspector,

Re: Youghal WWDL Application D0139-03 – Unsolicited Correspondence

Uisce Éireann would like to inform the Agency of updates to the proposed Stormwater Overflow discharge locations for SW010 and SW011, and of an additional Emergency Overflow (SW012) as per the table below.

Dunn’s Park pump station SWO (SW011) discharges to the same location as the proposed primary discharge (SW000), and its discharge location should therefore be updated in line with the updated primary discharge location as per unsolicited correspondence submitted to the Agency, dated 09 November 2023.

Also, following further onsite review, the stormwater overflow discharge location from Summerfield B pump station (SW010) is to be updated as per the table below also, reflecting a more accurate discharge location.

An Emergency Overflow (EO) from the Youghal WwTP Storm Tanks has also been subsequently identified since the application submission and should be included in the application as per details below.

Updated Storm Water Overflow (SWO) & Emergency Overflow (EO) Points							
Unique Code	Location Name	Overflow Type	Discharge Location (6E, 6N)	Device Location (6E, 6N)	Name of Receiving Water	WFD Code Receiving Water	Compliant * (Y/N)
SW010	Summerfield B Pump station	SWO	209244E 076218N	209336E 076222N	Youghal Bay (via unnamed stream)	IE_SW_020_000	Y
SW011	Dunn’s Park Pump station	SWO	210464E 078504N	210283E 078356N	Lower Blackwater M	IE_SW_020_0100	Y
