

ATTACHMENT 4.3 WASTE ACCEPTANCE/TREATMENT

Waste Acceptance Not applicable.

Churchtown Landfill Site operated from c.1987 until closure in August 2000. No waste will be accepted at the facility for recovery or disposal.

The site is unlined but has been restored with a cap and leachate treatment system (willow and Integrated Constructed Wetland) installed. The effluent from the leachate treatment system is discharged to the adjacent waterbody. Further details are provided in Attachment 4.4 and Site Operational Report
