

## ATTACHMENT 4.3-1 LANDFILL EMISSIONS

Waste Hierarchy - Not applicable.

Churchtown Landfill Site operated from c.1987 until closure in August 2000. No waste will be accepted at the facility for recovery or disposal.

The site is unlined but has been restored with a cap and leachate treatment system (willow and Integrated Constructed Wetland) installed.

Groundwater, surface water, leachate and landfill gas is currently being monitored quarterly/annual basis for parameters as listed in Waste Licence W0062-02.
