

Environmental Licensing Programme,
Office of Environmental Sustainability,

11th October 2024

Ref: 136.04-EPA-20-24

EPA Ref: W0136-04

To whom it concerns,

We reluctantly consent to the requested extension date of the 17th of February 2025. Our reluctance is due to the fact that the application was lodged on the 9th of February 2023.

As the purpose of the review is to merge an existing licenced operational facility and the adjoining permitted operational facility, without significant changes, we would have expected a reasonable proposed determination turnaround time to be less than 6 months and not 2 years.

Kind Regards,

David Naughton.

Head of Environmental Ire.
