

EIA Screening Determination

In accordance with Section 83(2A) of the EPA Act 1992, as amended, the Agency has, as part of its consideration of the Industrial Emissions licence application referenced below, determined whether the application should be made subject to an Environmental Impact Assessment (EIA) as respects the matters that come within the functions of the Agency. The determination, and the reasons for the determination, are detailed below.

EIA Screening Determination:

EIA, as respects the matters that come within the functions of the Agency, is required for the activity to which the above licence application relates due to the following reasons:

Having considered the information provided by the applicant, which satisfies the requirements of Annex II A of the EIA Directive, it has been determined that the activity is likely to give rise to significant effects on the environment by virtue of its nature, size or location. This determination has been made having regard to the following:

The activity exceeds the threshold of project type in Part 2 of Schedule 5 of the Planning and Development Regulations 2001 as amended:

1(e)(i) Installations for intensive rearing of poultry not included in Part 1 of Schedule 5 which would have more than 40,000 places for poultry.

Submissions on a licence application can be made before the Proposed Determination is issued. Information on the public participation process is available on the Agency's website at www.epa.ie.
