1. Within three months of the date of the final grant of permission, the following shall be complied with:
 - (a) Visibility splays of 50m, measured to the nearside road edge in each direction, shall be provided from a point in the centre of the entrance 3m from the road edge at a height of between 1.05m and 2m above ground level to an object height of between 0.26m and 2m above ground level in both directions. The visibility splays shall be cleared to a maximum height of 250mm above the level of the public road and shall be retained and kept clear from obstructions thereafter.
 - (b) Where it is necessary to remove hedges, fences, embankments or other obstructions in order to achieve the required visibility splays, they shall be reinstated behind the visibility splays. Any new trees or shrubs shall be planted back from the visibility splays to allow for future growth and some species will require additional set back. All existing planting shall be kept trimmed behind visibility splays.

 - (f) Surface water drain shall discharge to the nearest appropriate watercourse or drainage pipeline. Suitable gullies shall be placed at start, end and intersection of other drains and at not greater than 40m intervals. Separate application shall be made to Monaghan County Council if this requires a road opening licence.
 - (g) Provision shall be made within the site for surface water drainage and no surface water shall be allowed flow onto the public roadway. The discharge of surface water from the public road onto the site through road surface drainage and road subsoil drainage shall remain unimpeded.
 - (h) No development exempt or otherwise shall be erected over a public sewer, drain or water-main, unless otherwise agreed in writing with the Planning Authority.
 - (i) Before any work is commenced on this development a security, by way of a cash deposit, in the sum of **€2250**, shall be paid to the Planning Authority by the developer to ensure the satisfactory completion of all surface water drainage/boundary work within and abutting the site area, to prevent runoff of surface water onto the public roadway and to ensure that no damage is caused to public roadway and any such damage is repaired satisfactorily. Notes (See Form/Check List overleaf)

1. Rules for Making Appeals

You are advised to check the latest version of “A Guide to Making a Planning Appeal” issued by the Board. It is available from the Board, telephone (01) 858 8100 and on our website www.pleanala.ie. It may also be available from your planning authority. A significant number of appeals are invalid because they are not made in accordance with the statutory rules.

2. Appeal Fees

You are advised to check the appropriate fee for making an appeal. Different fees apply depending on the nature of the appeal. A leaflet “Guide to Fees payable to the Board” is available from the Board, telephone (01) 858 8100 and on our website www.pleanala.ie. It may also be available from your planning authority. Note that appeal fees may change from time to time. A significant number of appeals are invalid either because no fee or an incorrect fee is included.

3. Time Limits

The time limit for making an appeal is, except where the appeal is made following a successful application for leave to appeal, four weeks beginning on the date of the planning authority decision (not the day it is sent or received). Day one is the day the planning authority decision is made. For example, if the decision of a planning authority is made on Wednesday 2nd of a month, the last day for receipt of the appeal is Tuesday 29th of the same month, NOT Wednesday 30th. There are special rules where the last day falls on a day the Board’s offices are closed or where the appeal period falls over the Christmas/New Year period. Check our leaflet for further information. A significant number of appeals are invalid because they are late – sometimes, just one day late.

4. Delivering the Appeal

- Send the appeal by post to *The Secretary, An Bord Pleanála, 64 Marlborough Street, Dublin 1*, or,
- deliver it by hand, to an employee of the Board (not a security person), during office hours (9.15 a.m. to 5.30 p.m.) on Monday to Friday,

so that the appeal reaches the Board by the last day for making an appeal.

Do not place the appeal in the Board’s letterbox. A significant number of appeals are invalid because they are incorrectly delivered.

5. Completeness

The appeal must be fully complete from the start. You are not permitted to submit any part of it at a later time, even within the time limit. Neither are you permitted to clarify, elaborate or make further submissions either for the purposes of complying with the rules for making an appeal or otherwise, unless invited by the Board.

This document is issued as an aid to making a valid planning appeal to the Board. It may be used as a ‘cover page’ in making such an appeal but there is no legal or other requirement to do so. The document should be read in conjunction with the latest versions of the Board’s leaflets “Making a Planning Appeal under the 2000 Planning Act” and “Guide to Fees payable to the Board”. The guidance given in those leaflets and in this document also applies generally to the making of submissions and observations by ‘observers’ under section 130 of the 2000 Planning Act. A significant number of submissions and observations by ‘observers’ are also invalid because the appropriate rules are not observed.

This document does not purport to be a legal interpretation of the law in relation to making a planning appeal – you should consult the appropriate legislation, including sections 37 and 127 of the Planning and Development Act 2000 for the statutory rules governing the making of appeals (section 130 for ‘observers’).

An appeal or a submission or observation on an appeal that is not made strictly in accordance with the statutory rules will be invalid. The Board has no discretion to relax or vary the rules. The onus is on YOU to meet all the legal requirements at the time you make the appeal/submission/observation.
