RE: Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence review from Amazon Data Services Ireland Limited for an installation located at ADSIL Drogheda, Drogheda IDA Business And Technology Park, Donore Road, Drogheda, Meath, A92VX98

Dear Sir/Madam,

I refer to letter received 30 July 2025 in reference to the request, in accordance with Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, to submit a Natura Impact Statement, as defined in Regulation 2(1) of the European Communities (Birds and Natural Habitats) Regulations 2011, as amended.

During our preparation of the requested Natura Impact Statement to address the further information request, we noted that a new IE Licence application (P1225-01) has been lodged by SSE Generation Ireland Ltd on 20 May 2025. Our own application was submitted on 24 September 2024.

As a result of identification of this lodged application, re-modelling of the air quality impacts, and cumulative impacts is now required to ensure robust assessment. This has consequential implications not only for the NIS and other related licence application documentation.

In addition, the timing of this request coincides with the summer annual leave period and staffing constraints.

In light of the above, and on behalf of Amazon Data Services Limited, I wish to formally request an extension to the submission deadline for the NIS until **26 September 2025**. We apologise for any inconvenience this delay may cause and thank you for your understanding.

Sincerely,

Dublin Office
