Dear Sir/Madam

Re: Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence application from Amazon Data Services Ireland Limited for an installation located at Data Centre Building B1, Kildare Innovation Campus (KIC), Barnhall Road, Leixlip, County Kildare

Original Hardcopy Submission of IE Licence Application No. 1222-01 and Accompanying Documents

This letter is in response to your request for a signed original hardcopy of the Industrial Emissions (IE) Licence Application No. P1222-01 and accompanying documents. Please note that the application includes two parts: the initial application and the response to the EPA's Request for Further Information (RFI) submitted on 26 February 2025 and 2 July 2025 respectively.

Accordingly, please find enclosed a paper copy of the relevant documents from both parts of the submission, as compiled and submitted to the EPA by Arup.

Please note that the following documents have omitted from this submission:

- Attachment 6-2-1: Appropriate Assessment (AA) Screening Report prepared by Ecology Ireland Wildlife Consultants;
- Attachment 6-3-6: Environmental Impact Statement (EIS) prepared by Tom Phillips & Associates; and
- Attachment 6-3-1: Planning Evidence Report.

These attachments contain planning documentation for the Kildare Innovation Campus submitted to Kildare County Council. As they were not authored by Arup, are publicly available, and due to their considerable length, they have not been reproduced in hard copy.

We trust this submission meets your requirements. Please do not hesitate to contact us should you require any further information or clarification.
